

KARAOĞLU®

CERRAHİ ALETLER İML. SAN. TİC. LTD. ŞTİ.

KATALOG

HAKKIMIZDA

KARAOĞLU, sağlık sektöründe hizmet veren bir aile şirkettir. 1955 yılında babamız Ali Karaoğlu'nun demir dövme ve sıcak demir atölyesi ile temelleri atılan KARAOĞLU, 1994 yılında Türkiye'nin cerrahi alet sektöründe duyduğu ihtiyaca cevap vermek için kurulmuştur. Geçmişten gelen bilgi ve deneyimi, sektörün ihtiyaç duyduğu AR-GE çalışmaları ve teknolojiye gelişmeler ile birleştirip insan sağlığı için üretmeye devam ediyoruz.

MİSYON

Misyonumuz; tecrübe ve bilgiyi, teknolojik gelişmeler ile harmanlayarak sağlık sektöründe büyümek ve sürekli değişen ve gelişen dünyada sektörün lider ve kalıcı firmalarından olmaya devam etmektir. Aynı zamanda bir okul gibi yeni nesilleri eğiterek, hem mesleki gelişimlerine katkı sağlıyor hem de ülkemize karşı sorumluluğumuzu yerine getiriyoruz.

ÜRETİM

Cerrahi alet ürünlerimiz uluslararası standartlarda üretilmiş olup, tüm branşların ihtiyacını karşılayabilecek çeşitliliğe sahiptir. Fabrikamızda genel cerrahi, jinekoloji, üroloji, beyin cerrahi, kalp damar cerrahi, KBB cerrahi, plastik cerrahi ve steril konteyner üretimi yapılmaktadır. Tüm ürünlerimiz modern üretim tekniklerine uygun olarak yüksek kalite Alman paslanmaz çelikten yapılmaktadır.

GARANTİ

KARAOĞLU tescilli markasını ve logosunu taşıyan ürünler malzeme ve işçilik hatalarına karşı 2 yıl garantilidir. Bu periyot içinde, normal kullanım koşullarında arızalanan aletler ücretsiz olarak onarılacak ya da yenisi ile değiştirilecektir. Garanti kapsamı dışında kalan ürünler için bakım ve onarım yapılmaktadır.

ABOUT US

KARAOĞLU is a family company serving in the health sector. Founded in 1955 by our father Ali Karaoğlu as a forging and blacksmith shop, KARAOĞLU was established in 1994 to meet the needs of Turkey in the surgical instrument sector. We continue to produce for human health by combining the knowledge and experience from the past with the R&D studies and technological developments needed by the industry.

MISSION

Our mission; To grow in the health sector by blending experience and knowledge with technological developments and to continue to be one of the leading and permanent companies of the sector in the constantly changing and developing world. At the same time, by educating new generations like a school, we both contribute to their professional development and fulfill our responsibility towards our country.

PRODUCTION

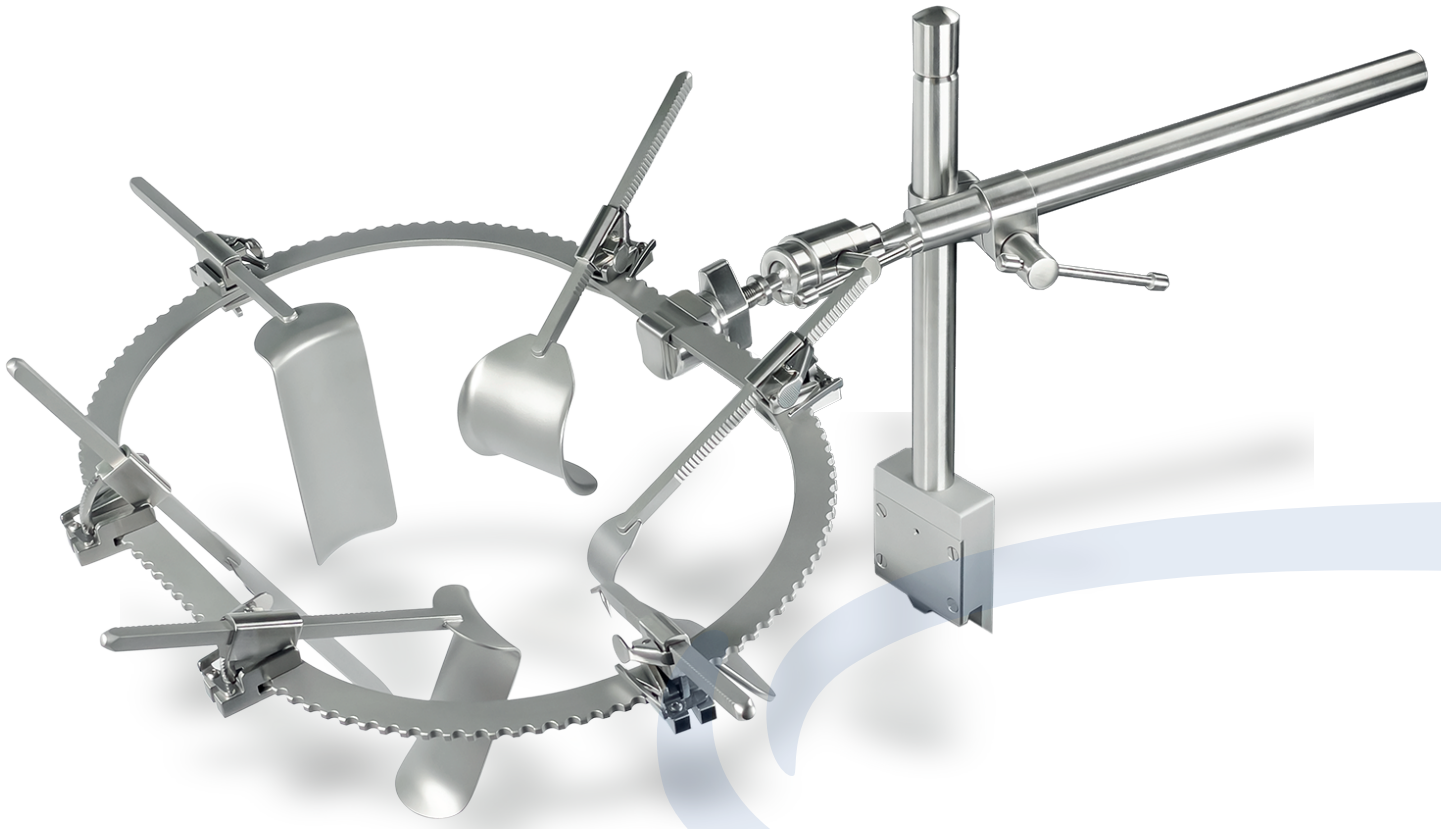

Our surgical instrument products are produced in international standards and have the variety to meet the needs of all branches. Our factory produces general surgery, gynecology, urology, neurosurgery, cardiovascular surgery, ENT surgery, plastic surgery and sterile containers instruments. All our products are made of high quality German stainless steel in accordance with modern production techniques.

GARANTEE

Products bearing the KARAOĞLU registered trademark and logo are guaranteed for 2 years against material and workmanship defects. During this period, tools that fail under normal use will be repaired or replaced free of charge. Maintenance and repair are carried out for products out of warranty.

Universal Retractor System

KI209.03

The Bookwalter® retractor is a high-quality table fixed retractor that allows for improved access to the operating field and stable retraction throughout long procedures. There are various ring sizes, retractor blades, and ratchet styles to choose from to customise your kit. This innovative retractor can be used for various procedures such as kidney or prostate removal, amongst many other things.

The Bookwalter Retractor is widely used in Urology and General Surgery. The retractor is popular for Renal Transplant use and Radical Cystectomy (Bladder Removal). There are also specialised versions such as the Magrina Bookwalter for Gynaecology.

Leyla Retractor System

KU103.00

The position of the flexible holding arm and the LEYLA retractor can be adjusted in three dimensions. A locking mechanism allows fixating the devices in any position.

Description

- Maximum ease of handling*
- Adjustability of clamping and holding force*
- For spatula fixation*
- Various clamping elements available*

Laparoscopic Liver Retractor Set

KX200.00

The Laparoscopic Liver Retractor, used during laparoscopic and bariatric surgery, fully supports and retracts the liver. It is inserted through a small incision and has been designed to evenly distribute the weight of the liver. Available in three sizes, in two diameters (5mm and 6.5mm), and come with a knurled post end.

Ideal for use with table-mounted retractor arms, in which the Nathanson Liver Retractor is attached to a table-mounted system, held in a fixed position.
